

# Sophisticated is the New Standard

As the new standard hardware on Kolbe's VistaLuxe® Collection casements and awnings, the **Ashlar** handle features a square silhouette with modern styling. This crank-out metal handle complements the clean lines and narrow frames of VistaLuxe window and door configurations, while meeting egress requirements. Four sophisticated finishes are available to coordinate with any interior aesthetic.

Matte Black

Rustic Umber

Satin Nickel

White

The Ashlar handle is standard on VistaLuxe Collection casements and awnings, and is available as an option for Ultra Series and Heritage Series products. This hardware was designed to meet egress requirements. Finish colors may vary from printed images. Please make selections using actual color samples available from your local Kolbe dealer.
