

Extraordinary Entrances

KOLBE
WINDOWS & DOORS

We're for the visionaries.™

We're for people who take building to new levels.

We're for people who are passionate about design, who care about the big picture and the smallest detail. We're for people who aren't satisfied with mainstream options. They push the limits of what's possible with the options, innovations and custom solutions that can only be found in Kolbe windows and doors.

We're for expertise.

We're for people who dream of a personalized design experience. That's why you can't find Kolbe windows and doors in the aisles of a home center. You can only purchase our products from a Kolbe dealer, because Kolbe dealers are as passionate about windows and doors as you are about bringing your vision to life.

Leave the details in the hands of a Kolbe window specialist. They'll work with you to make your dream a concrete reality.

We're for quality craftsmanship.

We're for a tradition of excellence that outlasts the latest design fad. The Kolbe story began with a family and a vision. Almost 70 years after the Kolbe brothers began their commitment to producing premium quality windows and doors, products bearing their family name can be found in some of North America's most impressive homes.

We're for possibilities.

We're for people who don't want to compromise their vision to fit anyone else's idea of "standard." We're for handmade touches and virtually limitless options that can't be found within the aisles of a home center.

At Kolbe, each product is truly built to order. Our team members are craftsmen who focus on building one window or door at a time, so they can create custom-built products to fulfill your vision.

We're for innovation.

We're for people who want to take building to new levels of performance, with advancements in not only extraordinary sizes and shapes, but also ground breaking products. We're for creative thinking that redefines what's possible.

Only Kolbe builds windows and doors that do the things you dream about. We're constantly reimagining our windows and doors to take building to new levels.

Let us bring your vision to life.

- The entrance door is a defining feature of your home, and can give guests the first impression of your unique style. At Kolbe, our craftspeople create each door by hand, custom building to each design envisioned. No matter the style of your home, we can build a one-of-a-kind door that fits your unique style.
- With our large selection of wood and aluminum clad doors, you are sure to find the perfect door to complete your design. Choose from a variety of colors, stains, brickmoulds, and divided lite styles to suit your needs. Pick a glass option that fits your environment, or choose finely crafted glass for beautiful designs.
- On the next pages, you'll see photos and sketches of doors we've created – but don't let these limit your imagination. Kolbe entrance doors, created to fit your home, are sure to make a grand statement – talk to your Kolbe dealer to design the door that is right for you.

Personalize for your Home.....

Our handcrafted doors are uniquely made to your exact specifications. Feel confident knowing we are committed to overall design excellence as well as the small details. Our team members are craftspeople who focus on building one door at a time. That's why we have time to focus on creating a door that uniquely fits your home and vision.

Use Patterns to **Display** *your* **Style**.....

Expand the character of your home with various divided lite options. Choose anything from a traditional, colonial-style pattern to a unique, custom design to accentuate the overall appearance of your door. With multiple divided lite types, shapes, and widths, the opportunities for customization are nearly endless.

Add Magnificent *finishing* **Touches**

... Kolbe has an extensive selection of finishes to help complete your door. Choose from our vast array of exterior colors, interior stains, and interior paints; or, choose a custom color that will help display your unique design style.

Upgrade to **High** performance....

••• Doors can be modified for high performance or even impact performance. Options like impact resistant glass and insulated glass are available to meet the needs of your environment and conditions.

Display

your **Exquisite** style

... With unique configurations and endless possibilities, you can create a one-of-a-kind, exquisite door to call your own. Design an over-the-top statement piece as your grand entrance.

Expand your **Boundaries**

- • Entrance doors are available as single- or double-wide units. Use various aesthetic options, materials, or sizes to make your statement.

Preserve

the **Historic** details.....

If your project requires historically-correct features, Kolbe can meet the demands of your creative vision.

• • • With numerous exterior casings, including custom casings, we can help provide solutions for your traditional style.

Bring
your **Vision** to **Life**....

... We care about your vision and are passionate about design. We push the limits of what's possible with various door options, innovations, and custom solutions that are only found at Kolbe.

Illuminate

your **Entryway**

- • • Showcase finely crafted glass for a beautiful and warm entrance. Pair your door with matching sidelites or transoms to add even more light to your space.

Add Drama

to your Entrance.....

... If a custom shape helps you state your style, Kolbe can help! Our flexible designs allow you to create a custom shaped door that adds drama to your entrance.

Exemplify your Design aesthetic

... Whether you prefer a traditionally-styled door with exquisite patterns, or you enjoy the sleek look of a contemporary door, Kolbe does it all. We'd love to help you design a door that captures your style.

Options & Accessories

Kolbe offers a wide range of options to create the exact look for the entrance door you desire. Several frame and exterior trim options are available for a more traditional appearance. Divided lites are available to create a complex and intriguing design. Add touches of finely crafted glass for soft color accents.

Choose from an expansive selection of exterior colors, or create your own color to make a signature statement. Interior stains and paints are available to coordinate with other interior décor. To complete the entire look, a large selection of door hardware and finishes are available to choose from. Almost anything is possible to make your entry extraordinary.

Finish Options

Interior Wood Species

We craft doors from a variety of wood species to help create the statement you're looking for. Our wood species are sourced from managed forests. If you're looking for a special wood species not shown here, we'll do our best to achieve your vision. FSC-certified wood species are also available for green building projects (FSC® license code FSC-C019541).

Interior Finish Options

For units that are ready to install upon delivery, Kolbe's wood doors can be prefinished on the interior with one of the water-based stains or paints shown. Stained units are given two coats of satin finish clear sealer. Because our interior finishes are water-based, low-VOC stains and paints, you can rest assured you've made an environmentally conscious decision. Custom colors are also available.

Printed images of wood species and stain options will vary from actual product colors. Selections should be made based on color samples available from your Kolbe dealer.

Stain colors are shown on pine. A double coat clear finish is also offered. Since no two trees are identical, wood can be expected to differ both in color and graining. These factors will influence the stain's final color.

Interior prefinishing is not available for raised panel doors.

Wire Brush Finish

Most Kolbe wood doors can be further enhanced by our wire brushed finish. Wire brushing creates a rugged texture and adds character – the perfect option to complement any rustic-styled home. Due to the nature of the finish, certain limitations apply. Contact your local Kolbe dealer for more information.

Exterior Finish Options

Kolbe entrance doors can be finished with high performance coatings that meet some of the industry's most stringent tests. Most of our doors can be finished on the exterior in the more than 50 finishes shown below.

Not all colors are available on all product types. Talk to your Kolbe dealer for more information.

Printed images of exterior finishes may vary slightly from actual colors. Selections should be made based on actual color samples available from your Kolbe dealer.

There is a "color range" with anodized colors. That is, there is an acceptable "light" to "dark" color range that can be experienced on any job. According to AAMA 611-98 specifications, Section 8.3, the range may be up to 5 Delta E's. We can provide from our anodized vendor color samples of this color range if requested. The color range is due to numerous variables which include (but are not limited to) the shape of the parts, alloy variations and time in the anodizing process. This could mean that a sash part may appear slightly different in color than a frame part. This is/will be acceptable. Even the samples that may be provided may vary from the final product due to the variables. You must be aware of this as this will be considered acceptable.

Hardware

Hardware

The following handle styles are available as an option for entrance doors, in the finishes shown below.

Toronto
(Shown in
Satin Nickel PVD[†])

München
(Shown in
Antique Brass)

Verona
(Shown in

[†] PVD (Physical Vapor Deposition) finish is an application over the color which helps protect the hardware against tarnishing, peeling and cracking.
^{*} The Oil-Rubbed finish is a living finish, which means that it will change appearance over time with use.

Electronic Locking System

Don't worry about forgetting your keys – the multi-point locks of your inswing and outswing entrance doors can be engaged or disengaged electronically. Electronic multi-point locks can be factory-installed into a door panel with associated wiring, ready to interface with anything from a keypad, to an app, to a fingerprint scanner.

Hinges

Numerous hinging options are available for our entrance doors, shown in a variety of finishes below. Certain limitations apply; talk to your dealer to find the option right for your project.

Options

Series Options

VistaLuxe® Collection

Developed with architects for contemporary projects, VistaLuxe Collection doors offer clean lines and slim stiles and rails to maximize viewing areas. An extruded aluminum exterior provides low-maintenance durability, while a wood interior proves that modern design can be warm and organic.

Ultra Series

Kolbe's Ultra Series doors are finished with extruded aluminum cladding to create a look that has both classic style and modern durability. The high quality exterior cladding recreates the profile of wood doors and resists chalking and fading over time, which makes them low-maintenance and durable.

Heritage Series

Kolbe's Heritage Series wood doors feature wood interiors and exteriors, and are aesthetically appealing and historically-accurate. The exterior is finished with a latex primer, or may be coated with K-Kron II, a high performance finish that offers excellent durability and a wide array of color choices.

Glass Options

Adding glass to your entrance door can help bring in natural light, open up spaces, and make your entryway unique. Kolbe entrance doors with glass use tempered, insulating glass with argon gas as standard.

Additional options include, but are not limited to:

- ▶ Finely crafted, patterned, or colored glass
- ▶ Laminated and impact performance glass
- ▶ Numerous coating options for specific climate needs

Functionality

Expand your design with operating sidelites that are vented or hinged, allowing the outdoors in even more. Or, design a pivot door with specialized hardware to create larger openings.

Profile Options

Divided Lites

Expand the character of your home or project by adding one of our divided lite options to your doors. Choose anything from a traditional, colonial-style pattern to a unique, custom design to accentuate the overall appearance of your project. Kolbe offers four types of divided lites: performance divided lites, true divided lites, wood removable grilles, and grilles-in-the-airspace. As standard, wood bars have a beveled profile, however, an ovolo profile or a square profile are also available. Numerous bar widths are available as well, from 5/8" to 4-1/2". Custom sizes and patterns can help give your door the perfect finishing touch.

Glazing Beads

As standard, glazing beads have a beveled profile, but may also be ordered with an ovolo or square profile.

Beveled Profile

Ovolo Profile

Square Profile

Frame Options

VistaLuxe® Collection

The VistaLuxe Collection extruded aluminum clad frame is offered in two different exterior frame styles, Flush and Accent, for VistaLuxe Collection door panels. It matches VistaLuxe Collection windows for a seamless look. As standard, the frame is finished with a 70% PVDF fluoropolymer finish offered in our extensive color selection (see pg. 29).

Ultra Series Extruded Aluminum Clad Frame

The Ultra Series extruded aluminum clad frame can be used for Ultra Series and Heritage Series door panels. It matches Ultra Series windows for a consistent look. As standard, the frame is finished with a 70% PVDF fluoropolymer finish offered in our extensive color selection (see page 29). Accessory grooves are integral to the frame for the easy addition of extruded trims. Numerous brickmoulds are available as well (see pg. 37).

Heritage Series Wood Frame

The Heritage Series wood frame can be used for Ultra Series and Heritage Series door panels. It matches Heritage Series windows for a traditional look. As standard, the frame is primed on the exterior. Alternate primers, along with our K-Kron II high performance finish are available. Or, panels can be left unfinished for painting or staining in the field. It comes standard with 1-15/16" brickmould. Other casings are available (see pg. 37).

Inswing Entrance Door Sills

Weep Sill

- ▶ Standard Bronze Anodized finish for Ultra Series and Heritage Series inswing entrance doors
- ▶ Optional Clear Anodized finish

Adjustable Sill

- ▶ Optional Bronze or Clear Anodized finish for inswing entrance doors where sill performance is less of a concern

Wood Sill

- ▶ Optional Oak or Mahogany wood species
- ▶ Not recommended for use in high moisture conditions or where sill performance is required

VistaLuxe® Collection Sill

- ▶ Standard Bronze Anodized sill for VistaLuxe Collection inswing entrance doors
- ▶ Optional Clear Anodized finish

Outswing Entrance Door Sills

Bumper Sill

- ▶ Standard Bronze Anodized finish for Ultra Series and Heritage Series outswing entrance doors
- ▶ Optional Clear Anodized finish

Wood Sill

- ▶ Optional Oak or Mahogany wood species
- ▶ Not recommended for use in high moisture conditions

VistaLuxe® Collection Sill

- ▶ Standard Bronze Anodized sill for VistaLuxe Collection outswing entrance doors
- ▶ Optional Clear Anodized finish

ADA-Compliant Sills

Sill without Thermal Break for Inswing & Outswing Doors

- ▶ For projects that require ADA-compliant sills
- ▶ Standard Bronze Anodized finish
- ▶ Optional Clear Anodized finish

Sill with Thermal Break for Inswing & Outswing Doors

- ▶ For projects that require ADA-compliant sills in cold climates
- ▶ Standard Bronze Anodized finish
- ▶ Optional Clear Anodized finish

Options & Accessories

Swinging Screen Doors

Swinging screen doors are available for field installation with Kolbe single and double inswing doors. Screen doors feature an adjustable self-closing mechanism. Double swinging screen doors are equipped with spring-loaded locking mechanisms on the head and sill of the passive door. Energy efficiency is provided by weatherstripping around the frame perimeter and on the astragal of double screen doors; rubber door sweeps meet the sill. Swinging screen door frames are available in over 30 colors, plus custom colors.

Keystones & Pediment Heads

Keystones and pediment heads add a classic touch to the exterior of Heritage Series doors. Pine keystones and pediment heads may be ordered unfinished, primed or prefinished with K-Kron II to match your doors. Ask your Kolbe dealer for more details.

Keystone

Pediment Head

Product Performance Modifications

Kolbe entrance doors are available with options to meet strict building code requirements. Depending on the criteria, Kolbe offers high performance and K-Force®

impact performance products to improve air, water and structural ratings or sound transmittance ratings. With each level of modification, door strength is enhanced. Contact your Kolbe window and door supplier for further details.

Exterior Brickmoulds & Casings

Accentuate the beauty of your doors with Kolbe exterior brickmoulds and casings. As standard, Heritage Series units have Kolbe's 1-15/16" profiled brickmould (a). Options available include 3-1/2" profiled brickmould (b), 3-1/2" flat casing (c), 3-1/2" profiled brickmould with backband (d), or 3-1/2" flat casing with backband (e). Custom brickmoulds and casings are available.

Ultra Series extruded aluminum clad frames are standard without brickmould. Optional extruded aluminum trim pieces include (f) 1-15/16" brickmould, (g) 3-1/2" brickmould, (h) 2" flat casing, (i) 3-1/2" flat casing, (j) 2" flat casing with backband, (k) 3-1/2" flat casing with backband (l) bull nose casing, (m) historic trim, (n) ogee trim, and (o) stucco casing. These will match Ultra Series windows with exterior brickmould and casing. Contact your local Kolbe dealer for more information.

f g h i j k l m n o

Options & Accessories

Interior Casing

Accent your doors with interior casing by Kolbe. As standard, choose either 2-1/8" wide ranch casing or 2-1/4" wide colonial casing. Ranch and colonial casings are available in unfinished pine or oak, ready for paint or stain. Curved radius casing is available to match the curves of Kolbe radius units.

Ranch Colonial

Specialty mouldings are available in pine, oak and other wood species. Shipped loose for field application, specialty mouldings are available in a wide variety of profiles, some of which are shown below.

Dentil Shelves

Dentil shelves are an option for craftsman style doors. Choose from a 4-block or a 16-block style shelf to add a custom look to your door. The shelves are made from a durable high density polyurethane (HDP) which will not split, rot or warp. Each piece has an oak grain texture and can be stained or painted to match the finish of your door.

Corner Blocks

Giving doors a signature look has never been easier. Kolbe offers corner blocks and rosettes in pine or oak to complement interior and exterior architecture.

Panel & Sidelite Designs

Standard panel designs, which are just the beginning of our custom capabilities, are available in Ultra Series extruded aluminum clad and Heritage Series wood doors.

Ultra Series Entrance Door Panel Designs
