

Sliding Between Spaces – New Options

Kolbe offers a selection of handle sets that enhance modern décor with straight lines and slim silhouettes. Our **Madison** and **Dallas** style hardware are contemporary options with unique finishes and locking mechanisms that complement sliding patio and multi-slide doors.

All finishes are not available for all series. Finish colors may vary from printed images. Please make selections using actual color samples available from your local Kolbe dealer.
NOTE: PVD (Physical Vapor Deposition) finish is an application over the color which helps protect the finish from tarnishing, peeling and cracking.
